THE FORUM

The Best Practices Forum was established in 1995 in cooperation with the University of North Carolina to recognize accomplishments in the field of healthcare compliance. Since that time, the Best Practices Award has been accepted as the mark of compliance program excellence.

If you have never attended the Forum, it is unquestionably the compliance education event of the year. Unlike programs in which you are surrounded by numerous vendors, the Forum allows you to learn what others are successfully doing in their compliance programs.

THE BEST PRACTICE AWARDS

An independent Review Board of experienced healthcare compliance professionals judge submitted practices on how well they meet broad criteria. Simply put, award winners will have demonstrated that their practice is equal to the best practice implemented in any organization with respect to a particular compliance program area. We believe that the Best Practice Awards are the highest level of recognition for compliance program accomplishments. **All 2016 Award Winners will present their Best Practice at the Forum.**

The Forum will be held at the Ritz-Carlton Pentagon City located at 1250 South Hayes St., Arlington, VA 22202. Guest rooms are available at a discounted rate of \$229 per night. Reservations may be made online at: <http://www.ritzcarlton.com/en/hotels/washington-dc/pentagon-city>.

This is a day long, highly intensive course delivered in an interactive format with several group exercises accompanied by staff and guest presentations. All elements of compliance program assessment will be covered including the tools necessary to conduct a sound in-house compliance program assessment. Specific topics include: *Board and Management Support, Documentation Review, Program vs. Risk Assessments, Conducting Site Reviews, Designing an Assessment Process, Ratings/Scoring, Availability of Comparisons/Benchmarks, Writing the Assessment Report, and Assigning Acuties.*

Graduates of the Compliance Assessor's Course are eligible to participate in the Trust's peer compliance program assessment practice.
