# THE CERTIFICATION INTENSIVE COURSE

New Orleans, LA • July 30 - August 1, 2018

## What are HET "Certification Intensive" Courses?

Certification Intensive Courses are 3-day programs offered by the **Health Ethics Trust (HET)** providing attendees the most current *strategies, tools* and *best practices* to operate an effective compliance program along with pertinent information on the latest developments in healthcare compliance.

## Why are they called "Certification Intensive"?

Not only are these programs *intensive* in the amount of information that is covered, but Certification Intensive Courses also satisfy *all* educational requirements for the **Certified Compliance Professional (CCP)** and **Certified Compliance Executive (CCE)** credentials. These credentials were the first compliance certifications and remain the most prestigious.

## Why should I attend?

The Health Ethics Trust brings together a top-notch faculty for all of its programs and Certification Intensive Courses are no different. Whether your needs are certification based or not, Certification Intensive Courses are the most efficient and cost effective way to get the information you need to be a successful compliance professional and run a first-class compliance program.

## Continuing Education Units:

### Certified Compliance Professional (CCP) and Certified Compliance Executive (CCE) Credentials

Completion of the Certification Intensive Course provides attendees with all educational required CEUs (24 points) to apply for HET's CCP and CCE credentials and recertification.

This education activity has been submitted to the Compliance Certification Board (CCB)® and approved for 22.5 CEUs.
