What are HET "Certification Intensive" Courses?

Certification Intensive Courses are 3-day programs offered by the Health Ethics Trust (HET) providing attendees the most current strategies, tools, and best practices to operate an effective compliance program along with pertinent information on the latest regulatory and enforcement developments in healthcare compliance.

Why are they called "Certification Intensive"?

Not only are these programs intensive in the amount of information that is covered, but Certification Intensive Courses also satisfy all educational requirements for the Certified Compliance Professional (CCP) and Certified Compliance Executive (CCE) credentials. These credentials were the first compliance certifications and remain the most prestigious.
