What are Certification Intensive Courses?

Certification Intensive Courses are offered by the Health Ethics Trust (HET) providing attendees the most current strategies, tools, and best practices to operate an effective compliance program along with pertinent information on the latest regulatory and enforcement developments.

Why are they called "Certification Intensive"?

Not only are these programs intensive in the amount of information that is covered, but Certification Intensive Courses also satisfy all continuing education requirements for the Certified Compliance Professional (CCP) and Certified Compliance Executive (CCE) credentials. These credentials were the first compliance professional certifications 30 years ago and are the most respected today.
